

AIR DANCERS® INSTRUCTIONS

Step 1: Check to make sure you have your Air Dancers® and blower.

Step 2: Remove your Air Dancer® from carrying case and lay out on the ground

Step 3: Snuggly attach Air Dancer® around the Velcro mounts on blower

Step 4: Make sure wheels are locked and blower is placed on a stable, dry surface.

Step 5: Plug blower in to a standard outlet (110v). Blower comes with 8ft electrical cord.

Step 6: Turn power switch on. Adjust speed of blower using 1 of 3 speed settings.
The speed setting will affect how much your Air Dancer® moves.

Step 7: Step back and watch your Air Dancer® grab everyone's attention.
